

RUBBER HOSE, SLIP X SLIP

FEATURES/BENEFITS

- Rubber hose valves are designed for easy installation over standard sump pump lines
- Flappers are nested and have a convex shape for a long life
- Stainless steel worm gear clamps
- Special texture on housing for improved hose grip
- Hydrodynamic shape
- Durable, injection molded & gasketless ABS housing
- Fits copper, PVC, or IPS pipe
- Can be mounted vertically or horizontally
- SILENT operating check valve, eliminates hammering
- 24-1515-0003 has 1-1/2" Full Flow that is optimized to fit only 1-1/2" pipe offering 17% improved flow capability

- *Certain models available with clear housings, special order only*

APPLICATIONS

- Designed for standard residential sump pump applications

MODEL(S) INFORMATION

REF #	MODEL	SIZE	DESCRIPTION	CARTON QTY
A	24-1515-0000	1 1/2"	ABS CHECK VALVE	24
B	24-1112-0004	1 1/4" & 1 1/2"	COMBINATION ABS CHECK VALVE	24
C	24-1515-0003	1 1/2"	FULL FLOW ABS CHECK VALVE	24
D	24-2020-0000	2"	FULL FLOW ABS CHECK VALVE	12
E	24-1515-SL00	1 1/2"	SILENT CHECK VALVE	16
F	24-2020-SL00	2"	SILENT CHECK VALVE	12

COMPRESSION SWING

FEATURES/BENEFITS

- Compression valves are designed for easy installation that require no glue for standard sump pump lines
- Flappers are nested and have a convex shape for long life
- Ball valves have EPDM O-ring seats
- Durable, Injection molded and gasketless ABS Housing
- Fits PVC pipe
- SILENT operating check valve, eliminates hammering

- *Certain models available with clear housings, special order only*

APPLICATIONS

- Designed for standard sump pump applications

REF #	MODEL	SIZE	DESCRIPTION	CARTON QTY
A	24-2020-0003	2"	COMPRESSION SWING CHECK VALVE	6
B	24-2020-0004	2"	BALL/CHECK COMPRESSION SWING COMBO	6
C	24-2020-SL03	2"	SILENT COMPRESSION SWING CHECK VALVE	6
D	24-2020-SL04	2"	SILENT BALL/CHECK COMPRESSION SWING COMBO	6

TRUE UNION SWING

FEATURES/BENEFITS

- True union coupling allows easy swing out for service or inspection and have EPDM O-ring seals
- Flappers are nested and have a convex shape for long life
- Ball valves have EPDM O-ring seats
- Durable, Injection molded and gasketless ABS housing
- Fits PVC pipe
- SILENT operating check valve, eliminates hammering
- Durable, Injection molded and gasketless ABS housing on certain models
- **Certain models available with clear housings, special order only**

APPLICATIONS

- Designed for heavy duty use on home ejector pump applications

REF #	MODEL	SIZE	DESCRIPTION	CARTON QTY
A	24-1515-0002	1 1/2"	TRUE UNION SWING CHECK VALVE	9
B	24-2020-0002	2"	TRUE UNION SWING CHECK VALVE	6
C	24-15BC-0002	1 1/2"	BALL/CHECK UNION SWING COMBO	9
D	24-20BC-0002	2"	BALL/CHECK UNION SWING COMBO	6
E	24-1515-SL02	1 1/2"	SILENT TRUE UNION SWING CHECK VALVE	9
F	24-2020-SL02	2"	SILENT TRUE UNION SWING CHECK VALVE	6
G	24-15BC-SL02	1 1/2"	SILENT BALL/CHECK UNION SWING COMBO	9
H	24-20BC-SL02	2"	SILENT BALL/CHECK UNION SWING COMBO	6

SLIP X SLIP

FEATURES/BENEFITS

- Slip x Slip valves are designed with slip ends that allows quick installation over PVC pipe
- Flappers are nested and have a convex shape for long life
- Hydrodynamic shape
- Durable, Injection molded and gasketless ABS housing
- Fits PVC pipe
- Can be installed vertically or horizontally
- SILENT operating check valve, eliminates hammering monitoring
- **Certain models available with clear housings, special order only**

APPLICATIONS

- Designed for standard sump pump applications

REF #	MODEL	SIZE	DESCRIPTION	CARTON QTY
A	CVSLIP15	1 1/2"	SLIP x SLIP ABS CHECK VALVE	24
B	CVSLIP20	2"	SLIP x SLIP ABS CHECK VALVE	12
C	24-1515-SL03	1 1/2"	SILENT SLIP x SLIP ABS CHECK VALVE	24
D	24-2020-SL05	2"	SILENT SLIP x SLIP ABS CHECK VALVE	12
